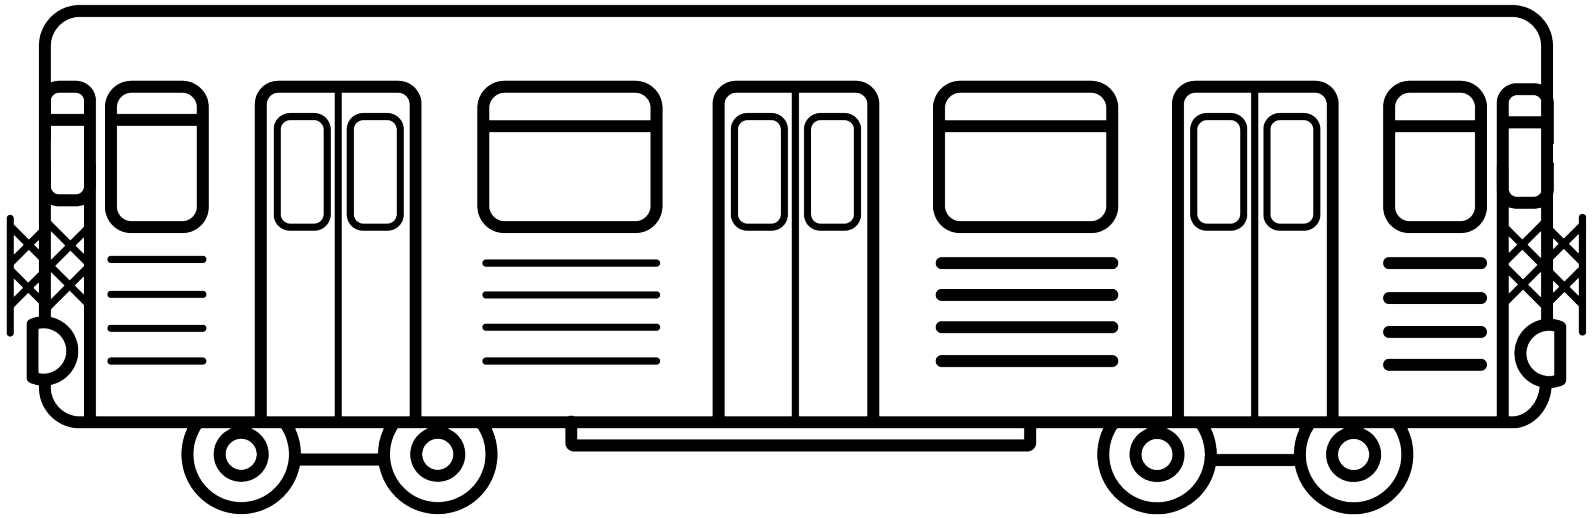
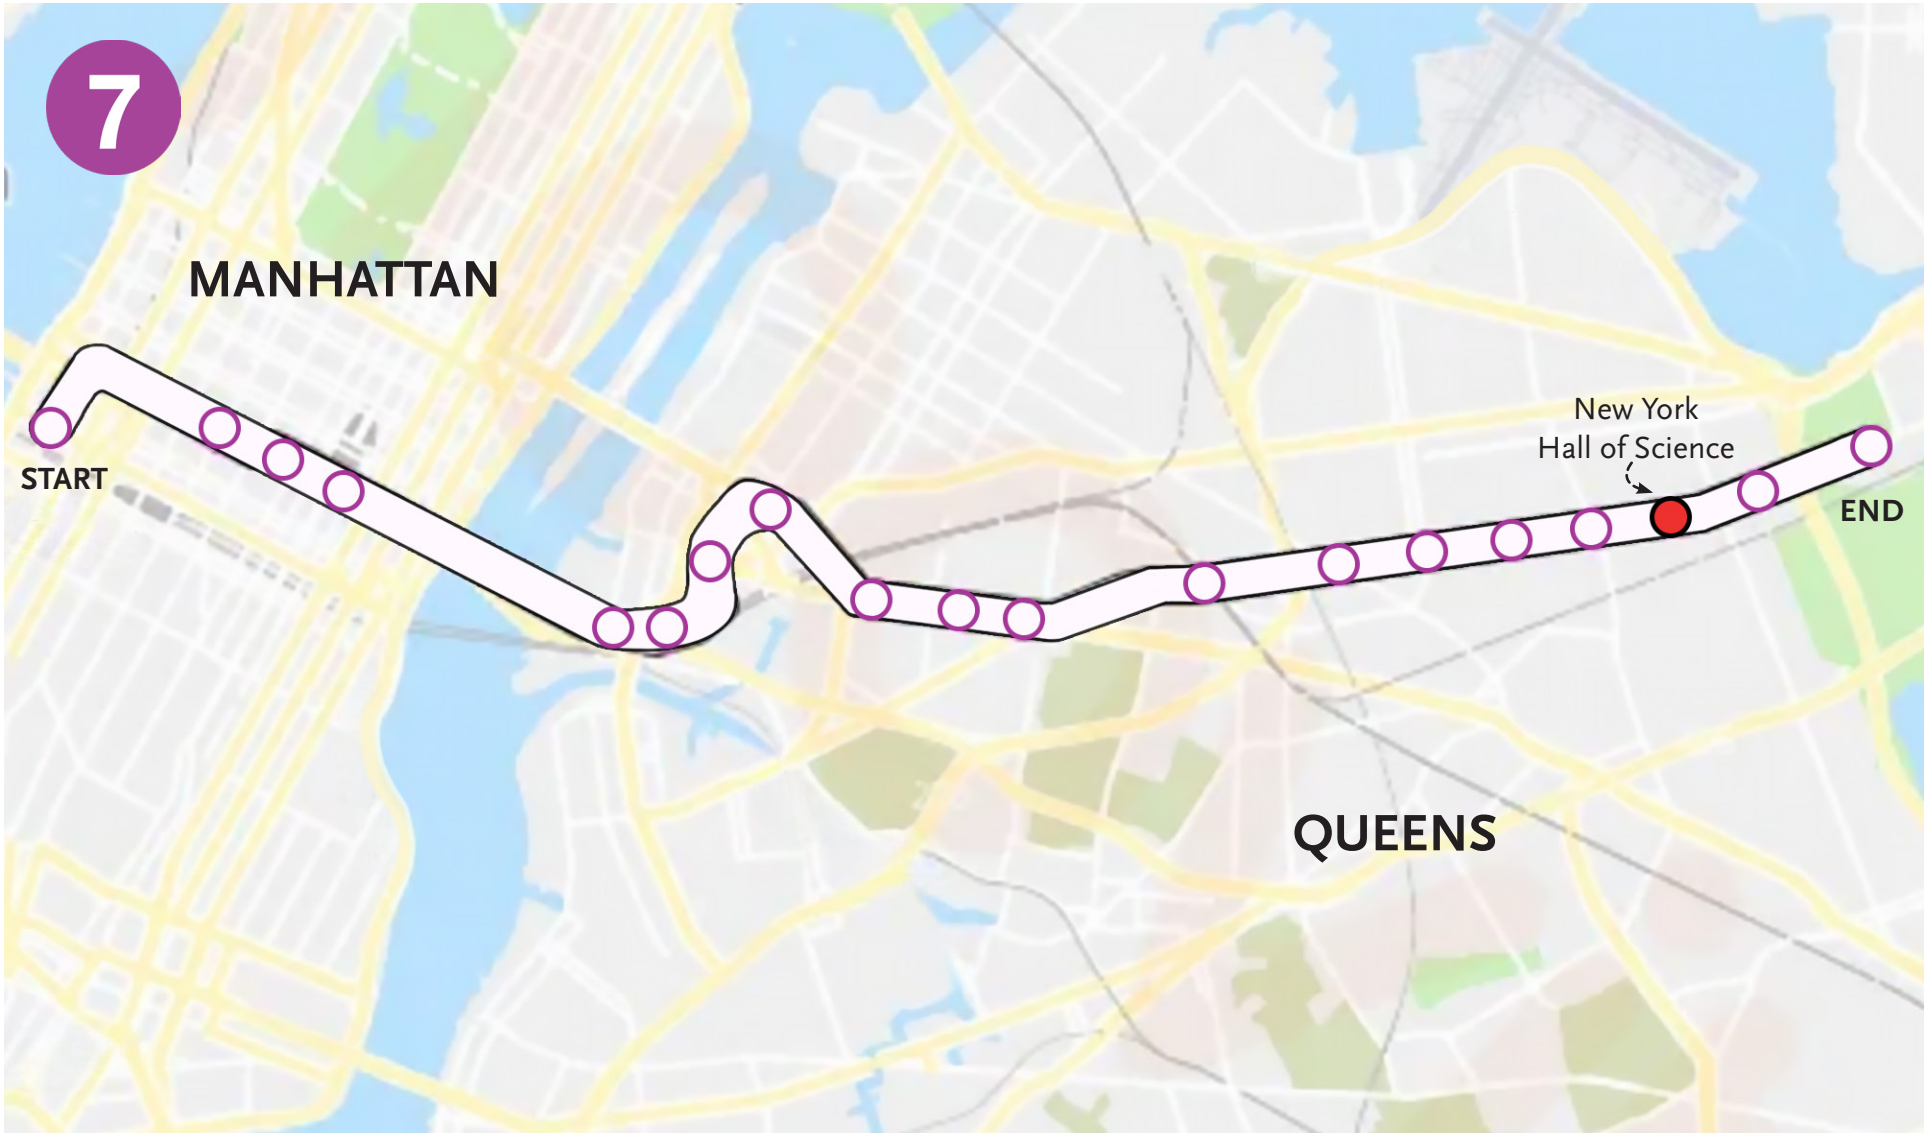
train



train

City Trains

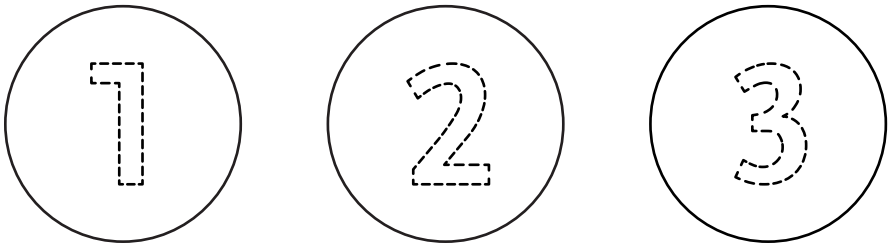
Help the 7 train get to the New York Hall of Science!



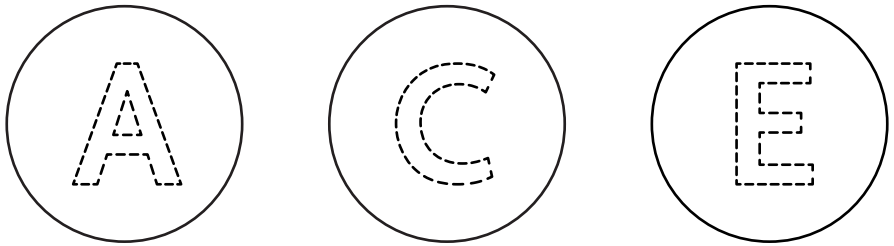
City Trains

Color the subway lines in the indicated color.

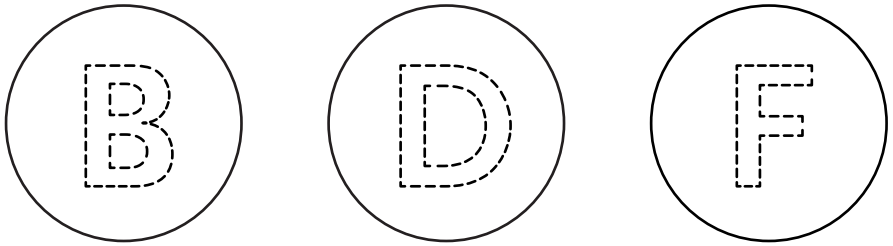
Color these RED:



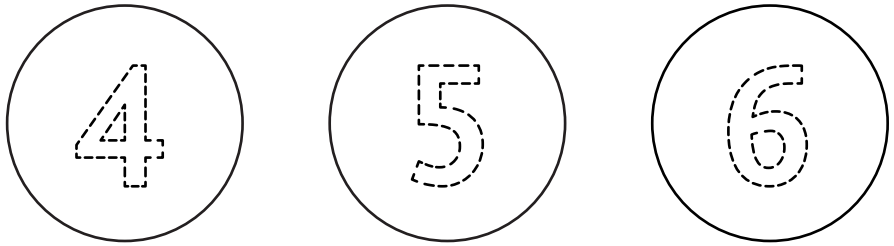
Color these BLUE:



Color these ORANGE:

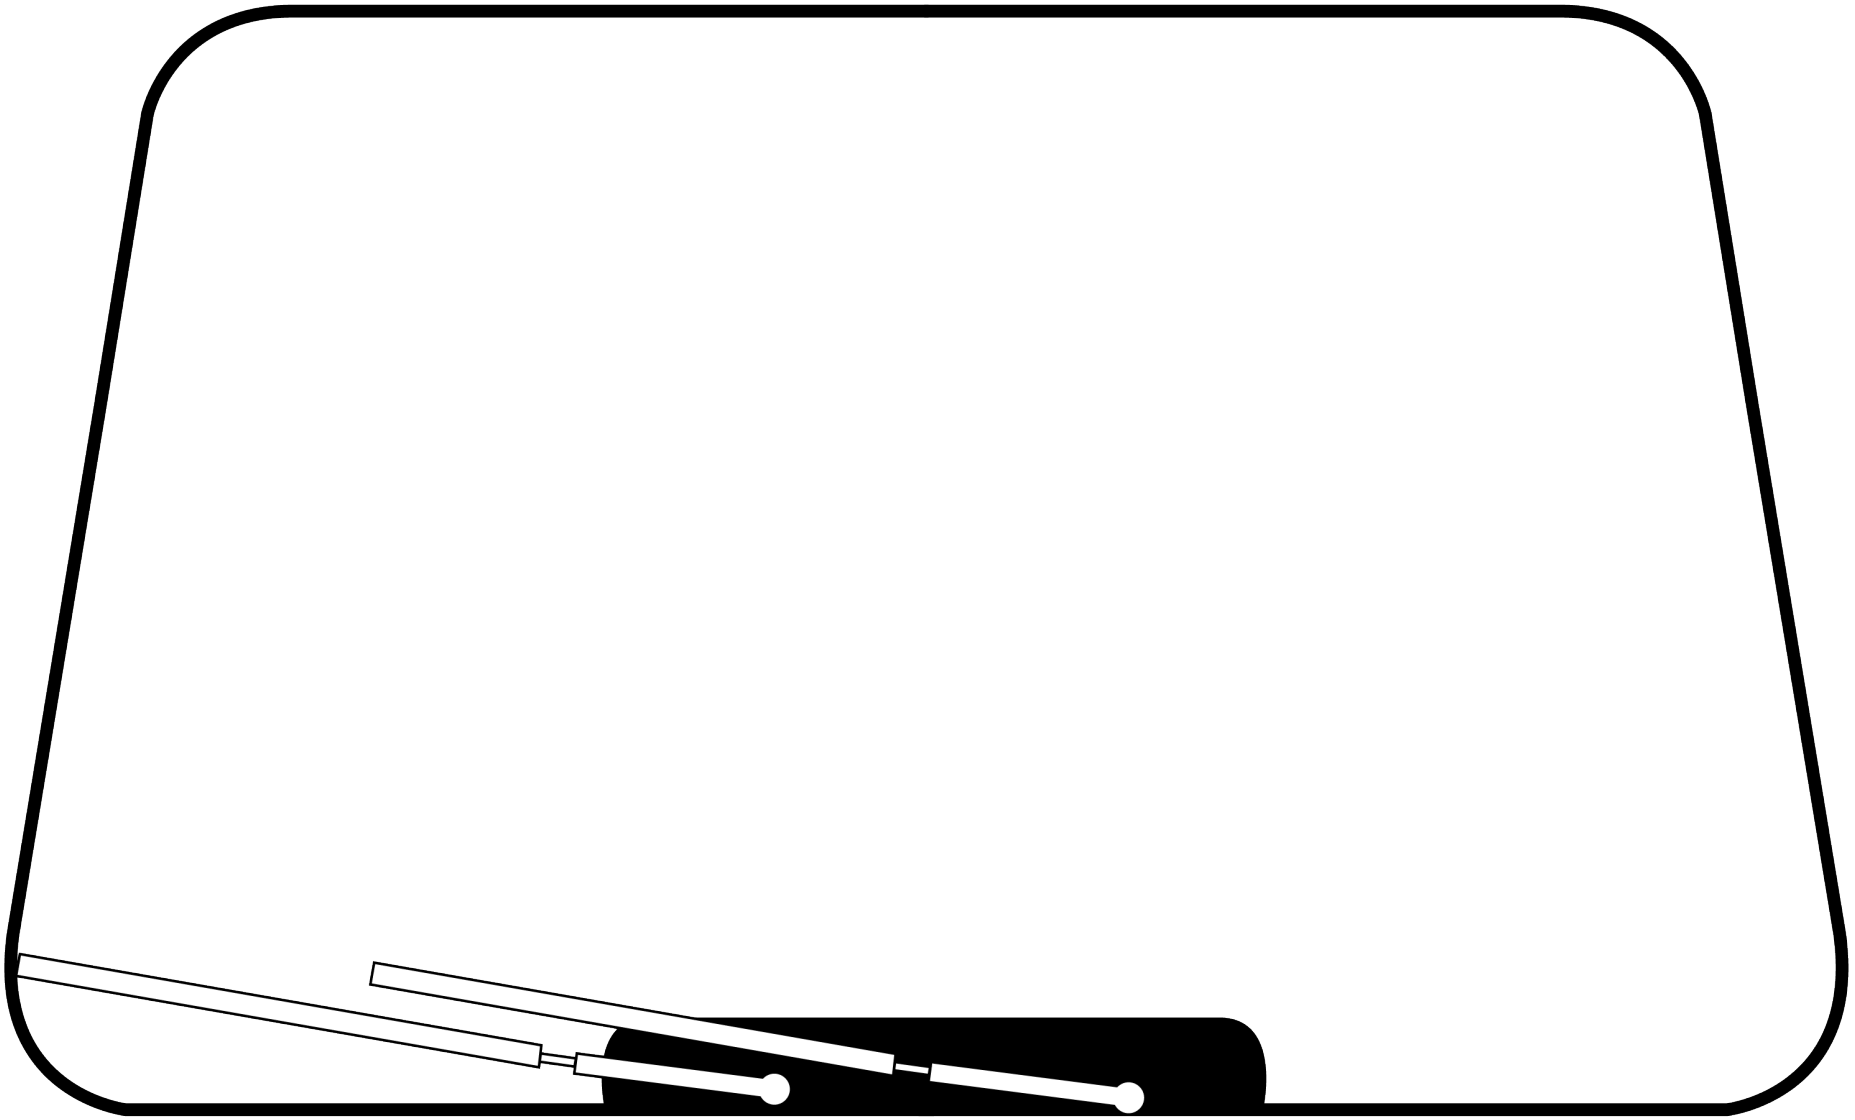


Color these GREEN:



City Bus

You are the bus driver today! What do you see?
Draw some things you see on the street. (Example: A stop sign, a tree, a friend).



City Workers

Our city needs many different people to keep it running!
Trace the words below to see what each worker does. Then, color their pictures to bring the city to life!

I am a
Construction Worker

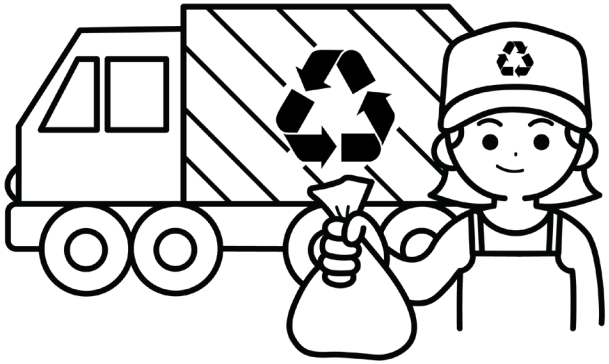
I BUILD

I am a
Bus Driver

I DRIVE

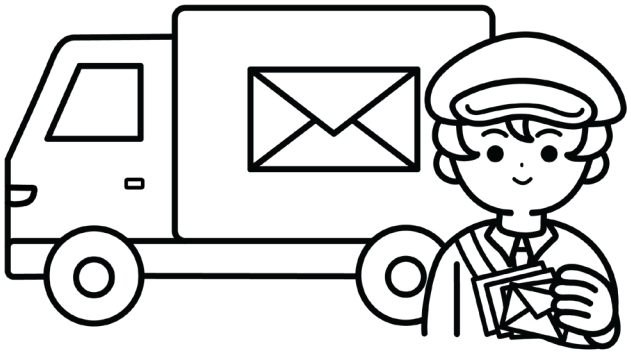
City Workers

Our city needs many different people to keep it running!
Trace the words below to see what each worker does. Then, color their pictures to bring the city to life!



I am a
Sanitation Worker

I CLEAN



I am a
Postal Worker

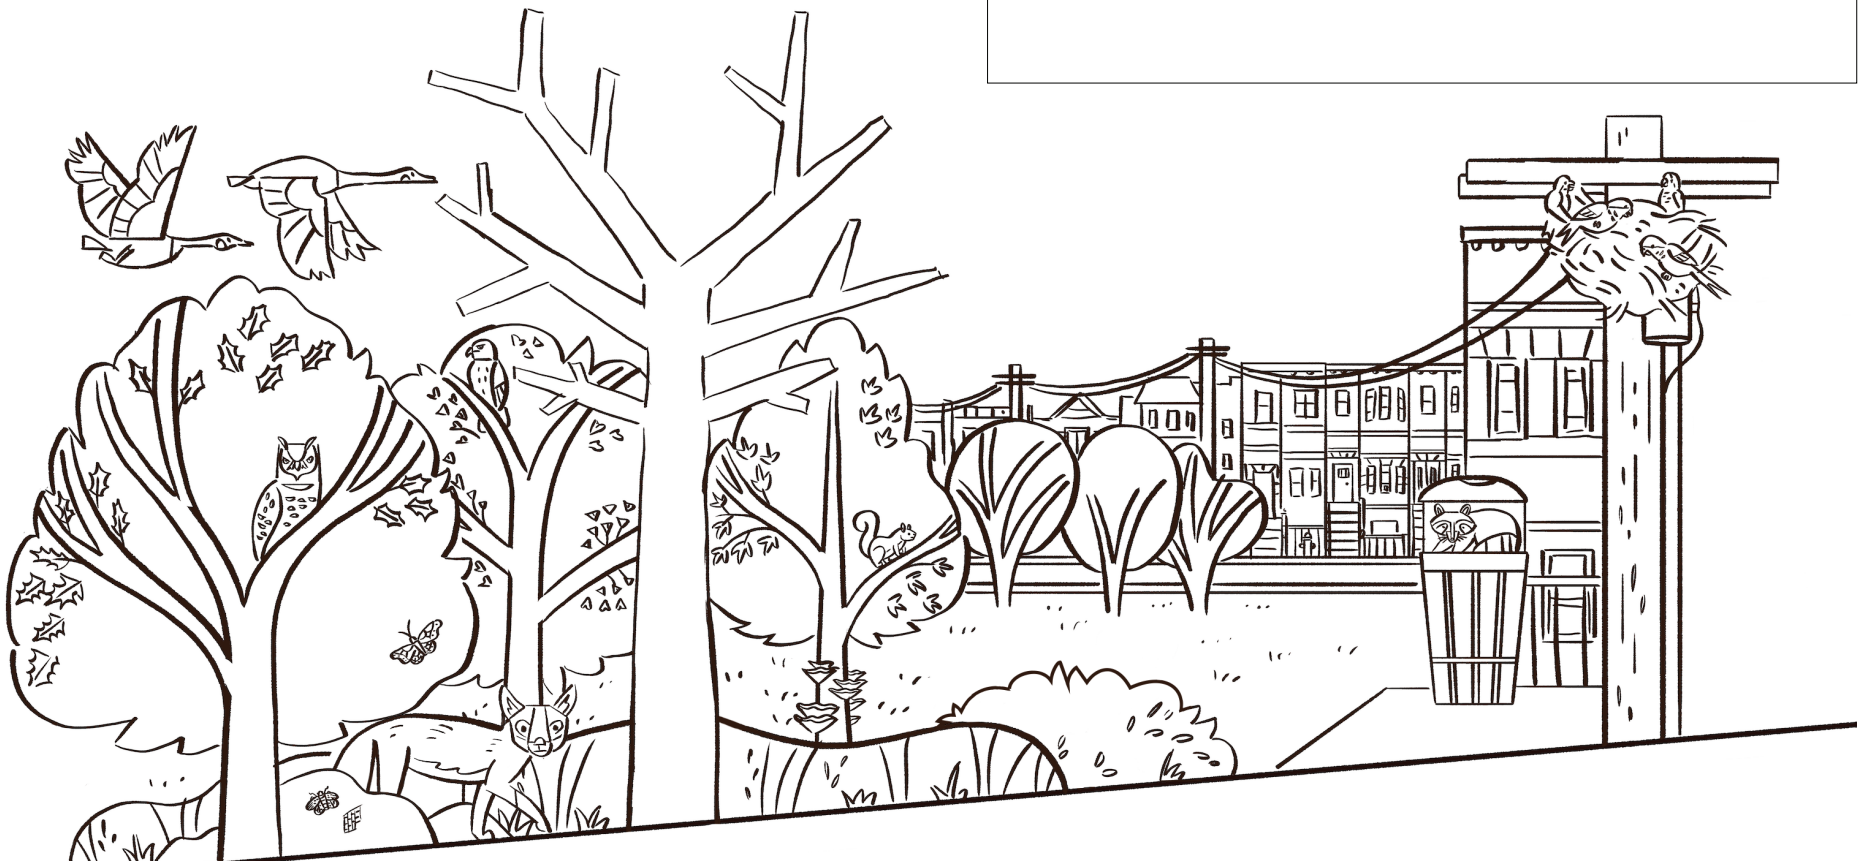
I DELIVER

City Animals

Animals live in the city just like us!
Hidden Animal Hunt, find:

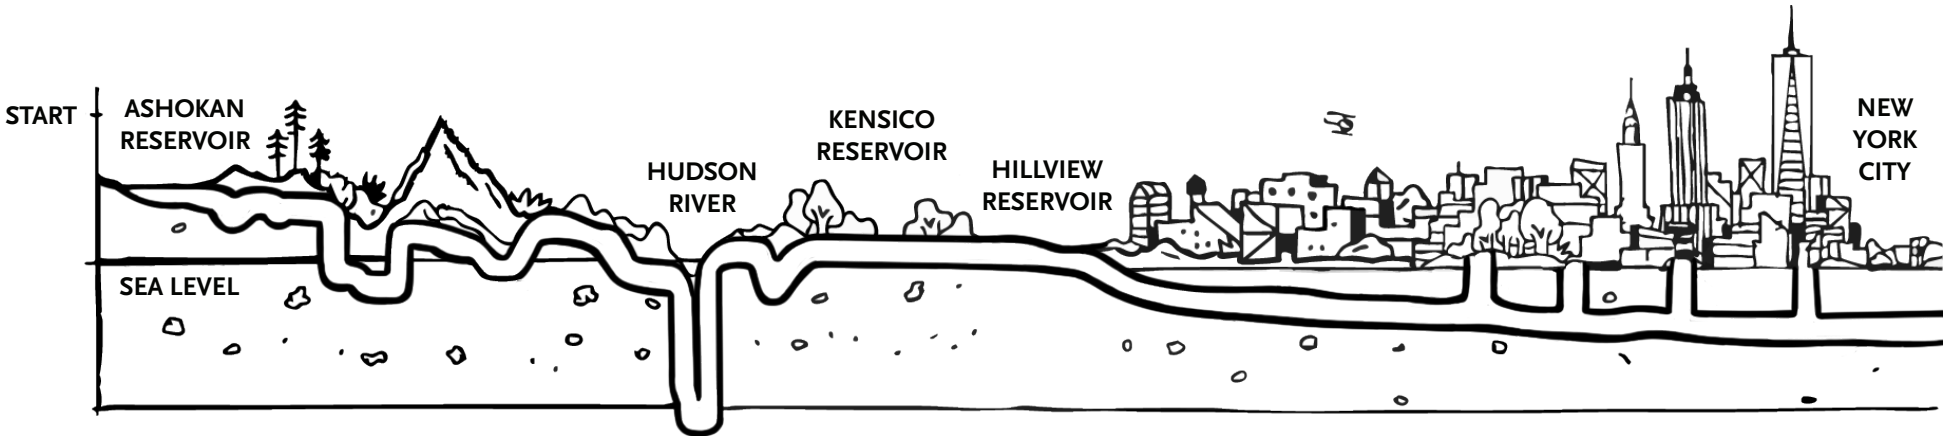
- ☐ raccoon
- ☐ squirrel
- ☐ owl
- ☐ coyote
- ☐ Canada geese
- ☐ lanternfly
- ☐ monarch butterfly
- ☐ parakeets

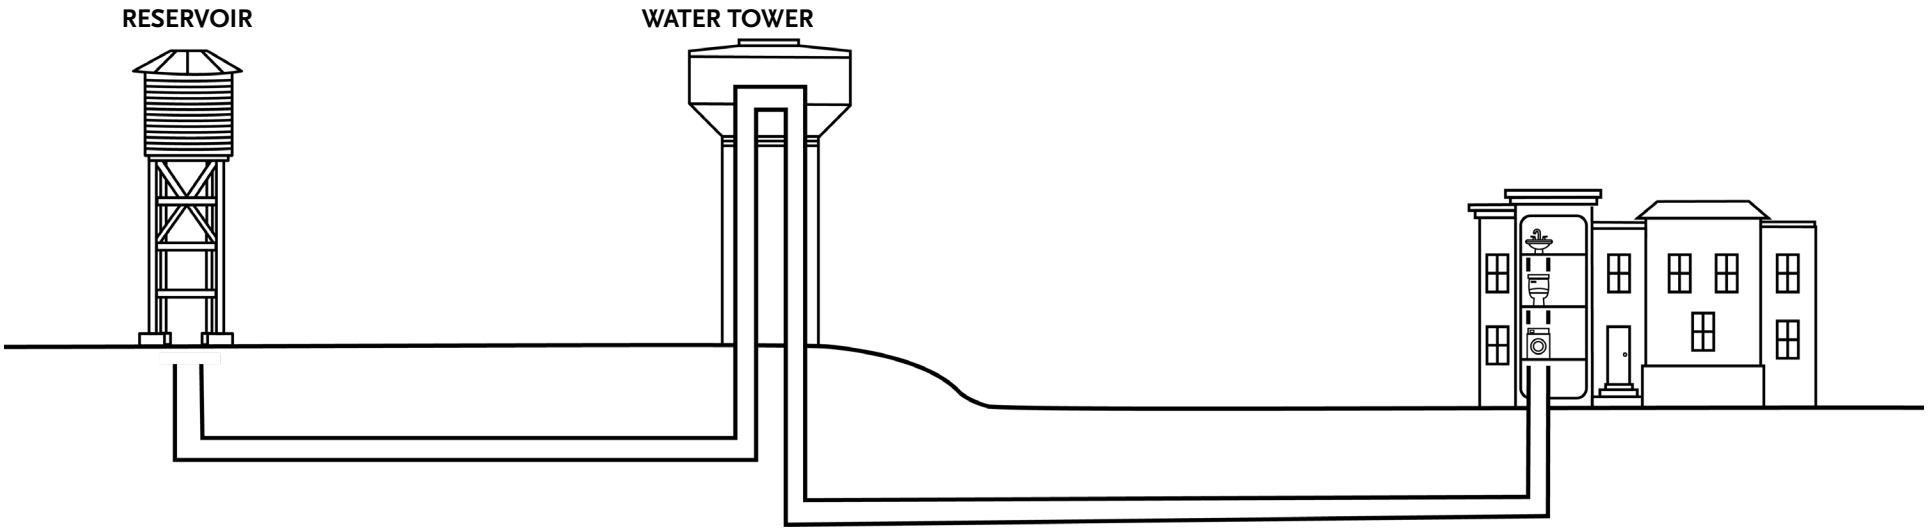
Draw the animal you see most often near your home.



City Water

NYC gets its fresh water from reservoirs that are hundreds of miles away in the mountains!
Trace the water as it moves through the large underground tunnels called aqueducts.





Trace the line that water takes to get from the water tower to the sink in your apartment!
